beings who will all enter the final Outpouring of 1952 each carrying his own Sheaf born of the single Ear he had received on New Year's Day from the hands of the Silent Watcher and Sanat Kumara.

It is needless for Me to say that it is the earnest and heartfelt prayer of each member of the Ascended Host who has stood Sponsor for the unascended lifestreams that the harvest gleaned by each one will justify the faith such Sponsor had in the capacities and endeavors of each individual student and chela.

THOMAS PRINTZ' PRIVATE BULLETIN

The consciousness that a man has evolved from the beginning of time is really the only intelligent possession which endures through the cycles of birth and death. An individual's consciousness is also the only focus through which the Godhead can increase the wealth, not only of a particular lifestream, but of the manifest world. Each individual endowed with a consciousness, the faculties of intuition, of spiritual perception and inner sight can, by self-conscious effort, raise his own consciousness to union with the Cosmic Christ and, by so doing, become an invaluable instrument in the fulfilling of the Divine Plan through cooperation with the Will of the Father.

When great lifestreams, such as the Master Jesus, prepare the instrument of their consciousness for many lives in order to provide an incarnate focus through which the Godhead's Purpose might be fulfilled, they are serving a Cosmic Purpose far beyond the comprehension of the human self.

In the physical birth of the Master Jesus We have the far more mystic and exquisite manifestation of an individualized self-conscious Intelligence who, by persistent effort through centuries of time, evolved a consciousness whose vibratory action was pure enough, sensitive enough and rapid enough to be the Grail of the Divine Will of the Universal Father. The Father and the Son became ONE, not only through the descent of the Cosmic Consciousness, but through the tremendous

individual endeavor of the Master Jesus to evolve and quicken the vibratory action of His own Consciousness through century after century of personal effort, and to sustain it at a high enough level that the subtle currents of the Cosmic Christ might be held within it, and translated by the Mercy of Transmutation into a language of Light as well as sound that could be interpreted and understood by the outer mind of the masses.

In entering the Holy Christ-Mass Season, the human consciousness of every aspirant to the Light may become a Grail into which the Divine Consciousness, which Jesus lived and expressed, may enter. To cultivate, to think and meditate upon the Consciousness, the Feeling and the Radiation of the Master is to become like Him in Nature, and to become like Him is to gain your own Freedom and to give Him another instrument or vehicle through which He may pour His Radiation in order to fulfill His Work as Representative of the Cosmic Christ.

There could be no more beautiful Gift to Life than to dedicate one's daily activities, one's whole nature, and one's being to the Presence of All Life and to the expansion of the Christ Spirit, for in losing one's lower self, one finds the Greater Glory of the Higher Life.

As the Presence of the Master is only able to reach the consciousness of the individual through the medium of silent prompting within the feeling nature, or through brilliant flashes of illumination through the medium of the Holy Christ Self, we must all learn to cultivate, particularly through this Holy Season, enough Silence in our own outer nature to allow the vibrations

of the Presence to record, with sufficient quality of intensity, the inspiration which becomes the Guiding Activity of our daily lives.

Let us practice, then, the habit of listening to the Voice of God instead of the clamor of the outer chaos, because the Voice of the Presence has, unfortunately, too few outposts through which It can guide and protect the destiny of the many in the days ahead, and the momentum of balance must be gained beforehand if we are to be of use in the coming hours and days.

If you can and will make this effort, you will find the Divine Teacher will set your Path in order and things will progress to a point where you become of greater help and assistance to those around you. This must come for every man, every woman, every child, for it is pre-ordained by Life; BUT we can press that day if we are wise.

This is the Happiness and Privilege, Joy and Ecstasy of the True Nature of Man when he fulfills his Divine Estate and, tasting the Joy of co-creation with God, becomes established as a Potential Sun of a New System.

Let this, then, be your Christmas and New Year's Endeavor.

May the Joy and Accomplishment of the Beloved Jesus' Cosmic Christ Consciousness be yours now and forever.

Blessings and Love,

MAHA CHOHAN
